In seasons when the Divisional Meet is being used, the Executive Board shall divide the NWSC swim clubs and/or swim teams into divisions based on the following criteria - Divisions shall be limited to three or four swim teams in size. Swim clubs with more than one swim team competing during the regular season shall have their swim teams placed into different divisions and shall compete in their respective Divisional Meet.

Consideration shall be made for swim team size, swim team location, swim team strength, overall division size, and the pool selected for each Divisional Meet. Consideration shall be made for each swim team's finish from the preceding swim season. Consideration shall be given to special requests from the individual swim clubs. The methodology used to determine the divisional make up for the next swim season shall be determined by a majority vote of the Executive Board PRIOR to the Divisional Meet of the current season. If no methodology is determined by that time, the methodology for next year's divisional make up will revert to the methodology used for the current year.

2.4.3 Invitational Meet (also Sec 12.2)

In seasons when the Invitational Meet is being used and points are going to be awarded, the Executive Board may divide the NWSC into two or more divisions based on the following criteria; the swim club's finish from the preceding swim season - either the swim club's finish at its respective Divisional Meet, if the Divisional Meet was used, or the swim club's finish at the Invitational Meet, if the Invitational Meet was used, - shall be used as the guideline for placing swim clubs into appropriate divisions. In the event a swim club has more than one swim team competing during the regular season, only the swim club will be placed into a division for the Invitational Meet.

In the event of a tie for team standings for the regular season, the tie will be broken by the result of their head-to-head competition during the regular season. In the event the two teams did not compete against each other, the tie will be broken by determining which team had the greater number of wins during the preceding season. In the event there is still a tie, division placement will be determined by a majority vote of the Executive Board quorum.

Consideration shall be given to specific requests from the individual swim clubs.

The Income shall be used for operating expenses and any other budgeted NWSC expenses associated with Regular Season Meets or Post Seasonal Meets. Any non-budgeted expense shall be paid if approved by a majority vote of the Executive Board quorum. Approved expenses shall be submitted to the NWSC Treasurer no later than September 15th.

6.0 SWIMMER ELIGIBILITY

6.1 General Eligibility

Swimmers shall be in good standing with any team in the NWSC. The Executive Board may require that swimmers join other organizations to ensure that all swimmers in the NWSC are insured. The swimmers age on May 1st of the current swim season shall determine the age group in which the swimmer may compete for that season.

Swimmers may begin practice with any Member Club no earlier than the Official Season Start Date, which should be set by the Executive Board no later than the annual November meeting of the Executive Board, provided that all eligibility requirements are met. Swimmers 12 years or younger on May 1st may practice or compete concurrently with other organized swim clubs/swim organizations no later than 12:01 a.m. on the Monday before the first scheduled dual meet. After that time and through the duration of the swim season (ending with the post Seasonal Meet), swimmers competing in age groups 6 and Under, 7-8, 9-10, and 11-12 are not allowed to practice with any other organization or compete in a swim meet outside the NWSC. Swim camps are permitted. Any swimmer violating this rule shall be assumed to have resigned from the Member Club and is no longer eligible to practice with any Member Club nor to compete in a NWSC swim meet for the remainder of the season.

6.2 Eligibility Exceptions

Any NWSC Member Club may submit a written request to the President of the Executive Board to allow a swimmer, that has practiced with another organization or competed in a swim meet outside the NWSC after the cutoff date (one week prior to the first scheduled dual meet), to join the NWSC Member Club. The swimmer may not practice or compete with the NWSC Member Club until the executive Board has approved the request.

The Executive Board shall be required to rule on the request within five (5) calendar days of the receipt of the request.

6.3 Age Group Eligibility and Swimming Up

All age groups are defined as being open to swimmers of that age group or younger. If a 12 and under swimmer participates in a club outside the NWSC and swims up into the 13-14 age group, then that swimmer shall be classified as 13-14 for all individual and relay events for the entire regular and post season, otherwise, if a swimmer swims in an age group older than his/her own, then that swimmer shall swim in that age group for each individual event in which he/she shall compete in that meet. Two exceptions to this exist:

A swimmer may "swim-up" in an older age group in an event grouping (stroke and/or distance) which is not offered at his/her age group (i.e., the Individual Medley is not offered in the 7-8 age group or the Long Freestyle which is not offered in the 6-and-Under age group), then the swimmer is not required to compete in the older age group for other individual events. A swimmer may "swim up" for a relay and then return to his or her own age group for the individual events. The swimmer may not swim on two different age levels in relay events, with one exception: 6-and-under swimmers may compete in the 6-and-under free relay and the appropriate 7 & 8 medley relay.

A swimmer that swims each of his/her individual events in an older age group may return to his or her age group to swim the relay events.

Except as previously noted for 6 & Unders, in relay events swimmers may only "swim up" to complete a relay team. For example, if a team has 4 or less swimmers in an age group at that meet, only one relay team may be entered in that age group. Purpose: To prevent teams from creating extra relay teams in older groups for the sole purpose of gaining points.

6.4 Member Club Eligibility Restrictions

Each Member Club may establish guidelines for their Club's swimmer eligibility based on such considerations as club size, geographic boundaries, age group distribution, etc.

6.5 Swim/Coach Restrictions

Any swimmer that receives compensation in the form of a scholarship, a waiver of swim fees, or any other monetary device, and the swimmer acts as a coach for his or her team will be deemed to be ineligible to compete at NWSC events unless they satisfy all the following conditions:

- (1) Pay the same fees as other team members
- (2) Join AAU as a coach and swimmer
- (3) Has competed for the team in question in a minimum of 2 meets per season for the past three consecutive seasons
- (4) Follow registration rules for their team
- (5) Follow swimmer eligibility rules as stated in the NWSC by-laws

7.0 DUAL MEETS

The NWSC dual meet schedule shall be set by February 1 each year by the Executive Board.

7.1 Overview

The Dual Meet section of the By-laws was developed to assist each team in preparing for the season; it offers a standard approach to preparing for and conducting meets. It is intended to provide instructions for (a) the training of volunteers and

(b) the conduct of a dual meet. This Section is based on a combination of hints from several years of experience and should provide a practical format for preparation for and conduct of meets.

All judges, meet officials, and coaches are charged with the responsibility of conducting themselves on the highest level of integrity and by their words and actions to demonstrate the virtues of clean competition and good sportsmanship consistent with the preamble of these By-laws.

All judges and meet officials (excluding runners) shall be at least 18 years of age. Volunteers are the heart of the Northwest Swim Circuit operations. They enable the league to conduct swim meets which require complex coordination among hundreds of swimmers and workers with minimal problems or conflicts. This section provides a description of the responsibilities of the volunteers who fill the following positions:

- Visiting Meet Director
- Official Coach
- Announcer
- Starter
- False Start Technician
- Stroke Judge
- Exchange Judge
- Head Timer and Lane Timers

This section is intended to provide the persons responsible for these areas a guide for recruiting and training a staff of volunteers for the upcoming season. It also provides the Home and Visiting Meet Directors a checklist for ensuring consistency and awareness among the volunteers. The Meet Directors should select specific key points in each job description to reinforce with the workers prior to the start of a meet. The job descriptions contained in this section should be copied and made available to the volunteer workers of that area.

One HOME MEET DIRECTOR is required for each home meet. It is recommended that meet directors be current or past circuit representatives, and/or very experienced officials, or team board members. In addition, it is suggested each team have more than one meet director each swim season.

7.4.2 Certification

All MEET DIRECTORS must attend a circuit Official's Clinic each year.

7.4.3 Involvement in Pre-Meet Negotiations

The HOME MEET DIRECTOR must be involved in any negotiations regarding exceptions to a normal meet. Such requests must be detailed (i.e., precisely describe the specific exception, such as the event numbers) and must be negotiated by Tuesday prior to the meet to allow both teams adequate time to prepare.

7.4.4 Review of Pool Facilities

The HOME MEET DIRECTOR shall review the condition of the pool, support facilities, equipment, and supplies prior to the beginning of the meet and see that any necessary corrective action is taken. See Sections 9.6 and 9.7. In pools with water depth less than 4 feet at the starting end, the swimmers must start from in the water.

7.4.5 Responsibilities (Home Meet Officials)

The HOME MEET DIRECTOR must ensure that all officials are aware of their responsibilities prior to the start of each meet. The HOME MEET DIRECTOR shall use the NWSC By-laws to assist him/her in reviewing any special instructions to ensure consistency at the meet.

7.4.6 Schedule Coordination/Heat Sheets

The HOME MEET DIRECTOR shall coordinate the necessary scheduling with the meet officials to begin the meet at the scheduled start time. The HOME MEET DIRECTOR shall insure the accuracy and verify the official heat sheet is at the scorer's table by the start time.

7.4.7 Progress During The Meet

The HOME MEET DIRECTOR shall observe the progress of the meet to ensure a smooth integration of activities. During both halves of the meet, the HOME MEET DIRECTOR shall visit the scoring table to review timer performance. The HOME MEET DIRECTOR shall periodically check with various officials and take action to help, or if necessary, replace an official who is ineffective.

The HOME MEET DIRECTOR shall make a written report to the Vice- President of the Executive Board on any DISQUALIFICATIONS not involving the swimming of an event or on any unsportsmanlike conduct considered detrimental to the conduct of the meet.

7.4.8 Discipline of Meet Official(s)

A judge may be replaced by agreement of both Meet Directors, but only after the Meet Directors attempt to correct the situation in a conference which includes all judges. In such cases, the Meet Directors shall submit a written report to the Circuit Dual Meet Director.

7.4.9 Postponement/Cancellation Due to Weather

The HOME MEET DIRECTOR shall make the final judgment on postponement or cancellation of a scheduled meet due to inclement weather. Such decisions shall be communicated to the visiting team Meet Director as soon as possible.

Some guidelines for making a decision before a meet has started include:

Texas weather is unpredictable, especially early in the morning. It may be best to attempt to delay the meet for an hour rather than canceling it immediately. If the conditions involve only a light mist, you could have both teams show up on time, which allows for an earlier start if the conditions do clear up. This alternative becomes more feasible if your pool provides a warm, covered facility to keep participants out of the rain.

Remember, the parents and swimmers were going to spend their whole morning at the meet, so attempting to conduct the meet is generally the best ground rule. If, however, the meet cannot start by 9:30 or the conditions include severe weather (i.e., lightning, heavy rains or heavy winds), please do not jeopardize the safety of anyone.

In the event of cancellation or delay the Visiting Meet Director should be called by the Home Meet Director no later than 6:30 AM. The visiting team must have adequate time to notify their families before they drive to the meet for warm-ups.

Some guidelines for making a decision after a meet has started include:

Upon first notice of any severe conditions (i.e., lightning, heavy rains, or heavy winds) begin to take actions to suspend activities and minimize risks to both the swimmers and parents. This would probably involve at least a temporary interruption of the meet. If the conditions involve only rain, then the decision becomes more difficult. Certainly any heavy rain dictates an interruption of activities. Do not underestimate the importance of quickly delaying a meet in even a light mist; an unnecessary delay will result in wet, cold swimmers and parents as well as destruction of the paperwork needed to run the meet. Your actions in this case rely partially on the facilities at your pool. Above all else, get out and sample the worst conditions, your judgment must reflect those conditions (e.g. do not stay indoors with part of the people while others are out in the rain). Remember, this is a fun circuit! Let your judgments reflect this.

7.4.10 Protests During a Meet

For protests, refer to Section 13.0.

7.5.4 Responsibilities (Visiting Meet Officials)

The VISITING MEET DIRECTOR shall assist the Home Meet Director and act as liaison to the visiting team. The VISITING MEET DIRECTOR must ensure that all visiting team officials are properly trained and aware of their duties prior to the start of the meet. 7.7.2 Certification

ANNOUNCERS are not required to attend circuit training. It is the responsibility of the home team to train their own.

7.7.3 Setting Up the Broadcast System

The Home Meet Director shall review the following schedule with the ANNOUNCER prior to the start of each meet.

The ANNOUNCER shall be responsible for calling the event number, age group, sex, and event name so that all swimmers will know when to report to the ready bench. The ANNOUNCER shall announce the "first" and later the "final call" for each age group pair of events in coordination with the flow of the ready bench. The ANNOUNCER should anticipate the timing based on the number of swimmers, the stroke, the number of lengths to be swum, and the age of the swimmers.

7.7.7 Announcing of Meet Scores

The ANNOUNCER shall provide the meet score at the end of each stroke set in accordance with the By-laws and upon mutual agreement of the Visiting Meet Director and the Home Meet Director.

7.7.8 Assisting the Starter During the Meet

The ANNOUNCER shall coordinate with the starter to: (a) avoid announcing during the start of a race (b) call for quiet from the spectators at the start of a race if the noise level becomes excessive (c) assure no live or pre-recorded music, either amplified or natural, shall be present immediately prior to and during the start of each event. Amplified music may be resumed after the successful start of each event. The level of music shall not impede the swimmer's ability to hear false start signal or announcement of events.

7.7.9 Posting of Event/Heat Numbers

The ANNOUNCER may be asked to post the event and heat numbers for the current race.

7.7.10 Paging Requests in Emergencies

The ANNOUNCER may be asked to page individuals in case of emergencies and officials in case of problems. The remainder of the ANNOUNCER'S job is left to the creativity (subject to good taste) of the individual.

7.8 Starter

7.8.1 Number Required

A STARTER is required for all events in a dual meet. One STARTER is required for each half of a dual meet. The STARTER should not be changed unnecessarily during either half of the meet.

7.8.2 Certification

All STARTERS must attend an Official's Clinic every year. Any new STARTER should be given an opportunity to learn the job prior to a circuit meet (e.g. during practice or in a fun meet).

7.8.3 Announcing Each Event

The STARTER shall begin each event by advising the swimmers, judges and timers of the event number, heat number, event name and, if appropriate, the order of strokes. The STARTER shall refer to the swimmers by gender when appropriate. In the case of mixed heats, "swimmers" is appropriate.

Swimmers are to be standing on the deck until the STARTER announces "SWIMMERS ON THE BLOCKS" or "SWIMMERS ENTER THE WATER" as appropriate. Swimmers are to be standing behind the front edge of the block (or away from the pool edge if the swimmer is not going to use the blocks).

7.8.4 Verifying Readiness of Meet Officials

The STARTER shall ask "JUDGES AND TIMERS, ARE YOU READY?" The STARTER shall not proceed until all officials and timers signal their readiness.

7.8.5 Whistle/Tone Generator

The STARTER shall use a loud, clear whistle or tone generator to start all events.

7.8.6 Starting the Event

The STARTER shall start each event with the announcement "SWIMMERS TAKE YOUR MARKS", then pause to make sure that all swimmers come down together and are motionless, and then give a blast of his/her whistle or tone generator. Rolling starts are not permitted on initial starts. If one or more of the swimmers does not take their marks or become motionless quickly, the STARTER shall instruct all swimmers to stand up, instruct the unprepared swimmer and restart the race. Repeated failure of a swimmer to take their mark is grounds for a false-start.

7.8.7 False Starts

The STARTER shall be the sole judge for determining FALSE-STARTS and all FALSE-STARTS shall be restarted.

The False-Start Technician (Sec 7.8) shall be responsible for promptly dropping the false start rope into the water whenever the Starter signals a false start.

7.8.8 In the Event of a False Start

Once the Starter has given the command "swimmers take your marks" and is letting the field come down together to a motionless position awaiting the starting signal, the Starter, in his opinion, detects any motion by a swimmer to obtain an unfair advantage over the rest of the field, the starter shall recall the field and the Starter shall charge the field with a FALSE START.

If the STARTER detects a false-start, he or she shall signal the false-start technician, judges, timers, and swimmers by a series of blasts on the whistle or tone generator. Based on this signal, the false-start technician will drop the false-start line to stop any swimmers who do not hear the signal. The STARTER should remind the timers to clear their watches.

7.8.9 False Start, Charged to the Swimmer

A swimmer can be charged with a false-start by the STARTER, if the STARTER observed the violation.

7.8.10 Disqualification/False Start

The first false-start of a race is charged to the field. ONLY ONE FALSE START SHALL BE ALLOWED PER HEAT. Any swimmer false starting after one false start has been charged to the field SHALL BE DISQUALIFIED and the remaining field shall be recalled and restarted.

7.9 False-Start Technician

7.9.1 Number Required

One or two FALSE-START TECHNICIANS should be trained and available to each team.

7.9.2 Certification

FALSE-START TECHNICIANS are not required to attend a circuit official's clinic. It is the responsibility of each team to train their own.

7.9.3 Preparing False Start Rope

Prior to the start of the meet a length of rope should be stretched across the swimmer lanes approximately 10 yards from the starting blocks. This rope should be attached about 5 feet above the water surface. The rope should be attached so that it cannot inadvertently fall into the pool, but should be attached in such a manner that it can be purposely triggered to fall into the pool and hinder a swimmer.

7.9.4 Responsibility During the Meet

The FALSE-START TECHNICIAN shall be responsible for promptly dropping the False-Start rope into the water whenever the Official Starter signals a False-Start.

7.10 Stroke Judges

7.10.1 Number Required

A minimum of 2 STROKE JUDGES per shift per team are required for all individual events in each home and away meet. It is recommended that each team maintain a staff of 4 to 6 certified STROKE JUDGES.

7.10.2 Certification

All STROKE JUDGES must attend an Official's Clinic each year. Each meet director is provided a list of circuit certified STROKE JUDGES for the current year.

7.10.3 Conduct Toward Swimmers/Team

All STROKE JUDGES are reminded to refrain from displaying partiality to any team or swimmer while they are "on the deck" and to be attentive to their assigned responsibilities while each race is in progress. It is appropriate and in the spirit of the circuit to encourage all swimmers, especially those struggling to finish. If a STROKE JUDGE is aware of a conflict which would interfere with their ability to maintain the necessary attention to their responsibilities, the STROKE JUDGE should request that the starter wait until the STROKE JUDGE is replaced.

7.10.4 Working with Other Judges

STROKE JUDGES shall work together in pairs on each side of the pool, with one member of each pair being from each team. The Stroke Judging area shall be consistent on each side of the pool. If a permanent obstruction limits the judging area on one side of the pool, the judging area on the other side of the pool shall be equally limited.

7.10.5 Responsibilities During the Meet

STROKE JUDGES shall have sole responsibility to observe strokes, turns and finishes to determine that they comply with the circuit requirements as described in Section 11.0 of the NWSC Bylaws. STROKE JUDGES shall only have authority to rule on their side of the pool.

7.10.6 Disqualification (Warning)

Both STROKE JUDGES in a pair must agree on a disqualification. If there is any doubt or disagreement between STROKE JUDGES regarding an infraction there shall be no disqualification. If a STROKE JUDGE recognizes that he or she was not in position to make a call, it is up to the discretion of that STROKE JUDGE to defer the decision solely to the other STROKE JUDGE in that pair. When only one STROKE JUDGE rules that an infraction has occurred, the STROKE JUDGES shall issue a Warning Form to the scoring table indicating what infraction was witnessed by the one STROKE JUDGE. A warning does not impact the swimmer's time or finish. A Warning Form as described in Section 7.17.2 will be given to the runner for delivery to the Ribbons and Scoring table. It will subsequently be given to the swimmer's coach so that he/she can evaluate that swimmer to determine if the stroke correction is needed.

7.10.7 Disqualification

If an infraction by a swimmer is witnessed by both STROKE JUDGES and both STROKE JUDGES are in agreement concerning the infraction, it is so marked with both STROKE JUDGES' initials appearing on a Disqualification Form as described in Section 7.17.1, which shall be attached to the entry card at the scoring table. The official coach is responsible for informing the disqualified swimmer of the infraction.

7.11 Exchange Judges

7.11.1 Number Required

The minimum number of EXCHANGE JUDGES shall be determined as follows:

Pool Size	Relay Distance	
	100	200
4 Lane	4	2
6 Lane	8	4
8 Lane	8	4

The requirements for a four (4) lane pool call for a minimum of a pair of EXCHANGE JUDGES, one from each team, at each end of the pool when the exchanges will take place at both ends. In the case of a 200 event, where the exchange takes place at one end only, a minimum of two EXCHANGE JUDGES is needed.

The requirements for a six (6) and eight (8) lane pool call for a minimum of a pair of EXCHANGE JUDGES, one from each team, to be positioned at each corner of the pool. Relays requiring an exchange at each end of the pool will require the presence of at least eight (8) EXCHANGE JUDGES. In the case of a 200 relay event, where the exchange will take place at one end only, a minimum of four (4) EXCHANGE JUDGES is needed.

If in water starts are necessary for relays, 2 additional exchange judges may be added.

7.11.2 Certification

All EXCHANGE JUDGES must attend an Official's Clinic each year. Meet Directors are provided with a list of circuit certified EXCHANGE JUDGES for the current year.

7.11.3 Conduct Toward Swimmers/Team

All EXCHANGE JUDGES are reminded to refrain from displaying partiality to any team or swimmer while they are "on the deck" and to be attentive to their assigned responsibilities while each race is in progress. It is appropriate and in the spirit of the circuit to encourage all swimmers, especially those struggling to finish. If an EXCHANGE JUDGE is aware of a conflict which would interfere with their ability to maintain the necessary attention to their responsibilities, the EXCHANGE JUDGE should request that the starter wait until the EXCHANGE JUDGE is replaced.

7.11.4 Working with Other Judges

EXCHANGE JUDGES are required for all relay events and shall work together in pairs on each side of the pool with one EXCHANGE JUDGE from each team being positioned at each corner of the pool.

7.11.5 Responsibility to Observe Exchanges

EXCHANGE JUDGES shall have sole responsibility to observe relay exchanges to determine that they comply with the circuit requirements as described in Section 11.0 of the NWSC By-laws. EXCHANGE JUDGES shall only have authority to rule on infractions on their side of the pool.

EXCHANGE JUDGES shall be responsible for observing all relay exchanges only; they are not responsible for judging legal strokes, turns, or finishes.

In relay races involving in-the-water starts, the team of a swimmer who has lost contact with the end wall of the course before his/her preceding teammate touches the wall, shall be disqualified unless the swimmer in default returns to the original starting point at the wall.

7.11.6 Responsibility for Designated Lanes

The EXCHANGE JUDGES located at one end of the pool of a four lane pool shall have sole authority to report relay exchange infractions (i.e., swimmer left too early, swimmer did not get out soon enough, swimmer reentered the water) for

all lanes at their end of the pool. At six and eight lane pools, one EXCHANGE JUDGE from each team shall be assigned to each corner to report relay exchange infractions.

7.11.7 Disqualification (Warning)

Both EXCHANGE JUDGES in a pair must agree on a disqualification. If there is any doubt or disagreement regarding an infraction then there will be no disqualification. If an EXCHANGE JUDGE recognizes that he or she was not in position to make a call, it is up to the discretion of that judge to defer the decision solely to the other EXCHANGE JUDGE in that pair. When only one EXCHANGE JUDGE rules that an infraction has occurred, the EXCHANGE JUDGES shall issue a warning to the swimmer. A warning does not impact the relay's time or finish. A warning will be evidenced on a Warning Form in the manner described in Section 7.17.2. The Warning Form will subsequently be given to the swimmer's coach so that he/she can evaluate that swimmer to determine if the exchange correction is needed.

7.11.8 Disqualification

In cases of disqualification, EXCHANGE JUDGES shall complete a Disqualification Form as described in Section 7.17.1. The official coach is responsible for informing the disqualified swimmer of the infraction.

7.12 HEAD TIMER and LANE TIMERS

7.12.1 Number Required

A minimum of 1 1/2 LANE TIMERS per lane per shift per team are required for each home and away meet. For four lane pools, 6 LANE TIMERS are needed per shift; for six lane pools, 9 LANE TIMERS are needed per shift; for 8 lane pools, 12 LANE TIMERS are needed per shift. It is recommended that each team have enough LANE TIMERS for two shifts at each meet and that 10-25 TIMERS be recruited and trained for each year.

A minimum of 1 HEAD TIMER per shift per team are required for each home and away meet.

7.12.2 Certification

The HEAD TIMER must attend an Official's Clinic each year. LANE TIMERS are not required to attend circuit training.

7.12.3 Head Timer Backup Watches

In assigning LANE TIMERS to lanes, the HEAD TIMER shall, wherever possible, avoid having all three timers in any given lane associated with the same club. The HEAD TIMER shall organize and thoroughly brief the LANE TIMERS on their duties prior to the meet, and shall be in charge of the LANE TIMERS throughout the meet, with authority to remove and replace any LANE TIMER, with the approval of the Home Meet Director.

The HEAD TIMER shall run two watches for use as backups during each heat of each event should a LANE TIMER'S watch malfunction.

7.12.4 Responsibilities During the Meet

The LANE TIMERS shall keep an accurate time recording of the swimmer in their assigned lane. The LANE TIMERS should ask the swimmer's name at the conclusion of the event and verify the name on the event card is correct. The LANE TIMERS shall record the complete times from all three stop watches on the event card at the end of the event.

7.12.5 Resetting the Watches

TIMERS will clear their watches before each race (or restart).

7.12.6 Verify Event Cards

TIMERS will verify the event card is for the correct event, heat, and lane.

7.12.7 Acknowledging the Starter

TIMERS will raise their arm when they are ready (before the start of each race, in response to the starter's question "Timers ready?").

7.12.8 Accuracy at the Start of the Heat

TIMERS are to listen carefully to the starter's instructions and press the start button on the sound of the starter's whistle or tone generator.

7.12.9 Verify Start of Watch

TIMERS are to verify their watch has started. In the event a LANE TIMER'S watch is not operating properly, or the LANE TIMER failed to start the watch accurately at the starting signal, the LANE TIMER shall immediately signal the HEAD TIMER, so that a backup watch can be used. In the event a time is not available the LANE TIMER should so indicate on the event card.

7.12.10 Accuracy at the End of the Heat

TIMERS shall press the stop button as the swimmer (or final swimmer in the case of relays) touches the wall or starting block. The TIMER should stop the watch when any part of the swimmer's body touches the wall above or below the water's surface. The stroke judge will determine if the touch was legal.

7.12.11 Filling Out the Event Card

The LANE TIMERS should also verify that the event card is correct for that lane, swimmer, and event. LANE TIMERS shall record the times from each watch assigned to their lane in the same order, on the event cards, throughout their shift.

7.12.12 Recording DQ Infractions

If a false start infraction resulting in a DQ is called by the Starter, the TIMER will write "DQ" on the event card. Always record the time, if the swimmer swims, regardless of any infraction. DQ Forms shall be filled out by the Stroke Judges.

7.12.13 Responsibility to the Runner

7.12.14 Technology.

In an age of rapid advancements in technology, devices will we made available that may streamline the operation of a swim meet. Should a team decide to introduce a new device for use in a NWSC swim meet, the fact that the device is not specifically named in the by-laws should not alone prohibit its use. Further, it is the spirit of this by-law to encourage the introduction of new time saving devices.

The LANE TIMERS shall pass the event cards to the Runners when complete, and the Ribbons and Scoring table will determine the order of finish from the times entered on the event cards.

7.13 Ready Bench

7.13.1 Number Required

A minimum of 3 READY BENCH workers per team per shift are required for each home and away meet. It is recommended that each team recruit and train 4-8 READY BENCH workers for the year.

7.13.2 Certification

READY BENCH workers are not required to participate in circuit training. It is the responsibility of each team to train their own READY BENCH workers.

7.13.3 Organization of Swimmers/Heat

READY BENCH workers are responsible for organizing the swimmers into heats before the start of each event. Swimmers must arrive at the READY BENCH with an event card for that event. READY BENCH workers should stage swimmers such that one group moves to the "on deck area" (behind the blocks) as the group from that area moves to the

blocks. This is especially important when the second group may be required to stand on the starting blocks (e.g. in the backstroke).

7.13.4 Valid Event Card

Verify each swimmer or relay team has a valid event card (i.e., with their name and the correct event, heat, and lane) for the event being staged.

7.13.5 Verify Official Heat Sheets

Check their copy of the official heat sheet to verify that all swimmers that appear on the list are present. Notify the age group parents of any missing swimmers and notify the meet director(s) of any swimmers not on the official heat sheet.

7.13.6 Arranging Swimmers/Addressing Changes

Arrange the swimmers from both teams into individual heats. During this process the READY BENCH workers may reassign a swimmer to an earlier heat if there is an open lane and a remaining swimmer is not left to swim alone in the previously assigned heat. Such changes should only be initiated when they will result in fewer heats.

7.13.7 Combining Heats

If there are very few swimmers in two events (e.g. in the older age groups) then the READY BENCH workers may combine the swimmers into a single race. Swimmers in the same event should be assigned adjacent lanes if at all possible.

7.13.8 Event Card Changes

When reassigning swimmers to different heats and/or lanes the event cards for those swimmers must be changed as follows:

Cross out the original heat and/or lane numbers on the event cards such that the original numbers can still be read by the ribbon and scoring workers.

Use a red pencil to write in the new heat and/or lane numbers so that the runners, timers, etc. can read them.

7.14 Runner

7.14.1 Number Required

A minimum of 2 RUNNERS per shift are required for most events at each meet. It is the responsibility of the home team to provide all RUNNERS. It is recommended that each team recruit and train 3-6 RUNNERS.

7.14.2 Certification

RUNNERS are not required to attend circuit training. It is the responsibility of the home team to train their RUNNERS.

7.14.3 Responsibilities Before the Heat

RUNNERS are responsible for obtaining the event cards for each single length (i.e., 25 yards) race from the swimmers as they approach the starting blocks. These cards must then be delivered to the timers.

7.14.4 Responsibilities After the Heat

RUNNERS are responsible for picking-up completed event cards and DQ forms. These cards are to be delivered to the scoring table.

7.15 RIBBONS AND SCORING

7.15.1 Number Required

A minimum of 3 RIBBONS AND SCORING workers per team per shift are required for each home and away meet. One scorer on each team shall be identified as the lead scorer for each meet. It is recommended that each team recruit and train 5-10 RIBBONS AND SCORING workers per year.

7.15.2 Certification

RIBBONS AND SCORING workers are not required to attend circuit training. It is the responsibility of each team to train their own RIBBONS AND SCORING workers.

7.15.3 Verification of Official Heat Sheet

Lead scorers are responsible for verifying that the official heat sheet has been turned in at the ribbons and scoring table by the start of the meet.

7.15.4 Volunteer Responsibilities

RIBBONS AND SCORING volunteers shall receive and organize the event cards which are delivered to the scoring table by the runners. If a time is not available, it should be so marked on the card. The median of the three times entered shall be the official time. If one time is one (1.0) or more seconds higher or lower than the other two, it will be thrown out, and the remaining times will be averaged to determine the official time.

When averaging times, the digits representing thousandths shall be dropped with no rounding.

RIBBONS AND SCORING shall identify the official time for each swimmer in an event and determine the official order of finish, according to the official times.

7.15.5 Organizing the Event Cards/Scoring

RIBBONS AND SCORING shall determine the official finish of each event.

Once the swimmer's official time has been determined, it is written on the event card. If an event card has a DQ form attached, RIBBONS AND SCORING will verify the DQ forms for proper initialing, and organize them with the event cards into heats. Each team's event cards and DQ forms are returned after the meet. The completed cards are then used to enter the swimmer's time into the computer. The computer automatically assigns the lowest time FIRST PLACE; the second lowest time is assigned SECOND PLACE; etc.

Any event card without times or that have a DQ form attached are not given an official place. The cards are then sorted by team and returned to the teams with any DQ forms attached. The home team is responsible for entering data into the computer and must insure that the entry of swimmer names, finish times, and other data is accurate and complete. Representatives from both the home and visiting teams should assist in verifying the computer data during the meet. At the end of the meet, each team will receive a computer diskette of their meet entries and results.

The event cards are the primary official record for Post Seasonal Meet eligibility and seeding times and must be retained by each team until the end of the current season

7.15.6 Dual Meet Scoring Rules

See Section 8.13.

RIBBONS AND SCORING shall keep an accurate count of the team points as the meet progresses, post official results, and be responsible for completing ribbons accurately.

7.16 Age Group Parents

7.16.1 Number Required

Six to twelve (one or two parents per age group) per team are required for each home and away meet.

7.16.2 Certification

Age Group Parents are not required to attend a circuit official's clinic. It is the responsibility of each team to train their own.

7.16.3 Event Card Distribution

Age Group Parents are responsible for distributing event cards to the swimmers at the time the Announcer calls "First Call" for their event. The Age Group Parents should receive all event cards for their age group prior to the start of the meet. Age Group Parents should listen to the announcer and begin locating their swimmers about 2 events prior to their next number.

7.16.4 Coordinating with Ready Bench-

The Age Group Parents for the youngest ages (6 & under and 7-8) are critical to the timely start of the meet. About 15 minutes prior to scheduled meet start, the Age Group Parents for these age groups should begin organizing their swimmers. The younger swimmers should be escorted to the ready bench for each event to avoid them getting lost or losing their card.

7.17 Forms

7.17.1 Disqualification Form

The board shall approve a Disqualification Form for the purpose of documenting a disqualification of a swimmer by a judge(s) of a specific event. An example of a Disqualification Form should be documented in Appendix E of this document.

7.17.2 Warning Form

The board shall approve a Warning Form for the purpose of documenting a warning by a judge (a) of specific event. An example of a Warning Form should be documented in Appendix E of this document.

7.17.3 Combined Forms

The Disqualification Form described in Section 7.16.1 and the Warning Form Described in Section 6.16.2 may be implemented as separate forms, or as a combined form.

8.0 CONDUCT OF MEETS

8.1 Starting Time

All meets shall begin at 8:00 am on the Saturday prescribed in the schedule, but may begin earlier if the Meet Directors from both swim teams involved mutually agree to the new starting time at least 72 hours prior to the start of the meet. The Home Meet Director may authorize a reasonable delay in starting the meet.

Meets shall begin only after each team has submitted its official heat sheet to the official scoring table. Once submitted, no changes shall be made to the official heat sheet without approval of both Meet Directors.

No swimmer shall swim in an event unless his/her name appears on an event card and the official heat sheet for that event. A swimmer appearing as a primary or alternate entry on a relay team is also considered an alternate entry on all other relay teams entered in that event from the same swim team.

8.2 Warm Up Time

Each team shall be allowed 30 minutes of warm-up time. The home team shall warm-up first and be out of the water 40 minutes prior to the meet start time. The visiting team shall begin warm-up 35 minutes prior to the start of the meet and shall be clear of the pool 5 minutes prior to that time. Deviations to this warm-up schedule due to weather or other complications may be permitted by the Home Meet Director.

8.3 Stoppage of a Meet

If a meet is stopped by the Home Meet Director for any reason (i.e. inclement weather), and cannot be restarted within one hour, the meet is declared at an end. The score at that time shall determine the meet winner if 1/2 or more of the events have been completed. If less than 1/2 events of the meet have been completed, the meet shall not have a declared winner. Un-swum events in canceled meets will count toward eligibility to compete in the Post Seasonal Meets.

Un-swum or incomplete meets due to weather may be rescheduled and event results allowed as official times provided the following requirements are met:

1. Both teams agree to participate.
2. Meet must be completed and results submitted no later than the Monday prior to the Divisional meet.
3. The meet must follow the format and rules of the NWSC (relays are optional).

8.4 Lane Assignments

Visiting teams shall swim in odd numbered lanes. Home teams shall swim in even numbered lanes.

Where multiple heats are scheduled for an event, swimmers will be seeded from slowest to fastest.

8.5 Number of Heats

There must be a minimum of 174 heats for 6 and 8 lane pools, and 261 heats for 4 lane pools offered to be swum at each Dual Meet. Home teams must secure access to their pool with sufficient time to run the minimum number of heats.

The Home Meet director has final say as to the total number of heats his team can accommodate beyond the minimum. The need to limit the number of heats must be made known to the visiting Meet Director 72 hours before the start of the meet. Every effort should be made to place the maximum number of swimmers in the pool as is possible at each meet.

Additional heats can be added to any event with the agreement of both Meet Directors. In situations of disagreement, either meet Director can invoke the following ordered criteria:

1. Add heats in events where there is at least one swimmer from each team.
2. Add competitive heats where the maximum number of visiting swimmers will swim.
3. When adding heats with swimmers from only one team or the other, alternate teams, starting with the visiting team heat first, then the home team, until the maximum number of heats is reached or all swimmers are entered.

All swimmers in all heats shall compete for points and ribbons.

8.6 Swimmer Entries

A swimmer may compete in a maximum of three individual events and two relays in meets. Age Group Eligibility and Swimming Up shall be in accordance with the guidelines set forth in Sec 6.3.

8.7 Required Officials

For Dual Meets, the home team shall provide:

- The Home Meet Director
- The Official Starter
- The Announcer
- An Official Coach
- A Head Timer with 2 stopwatches
- Lane timers with stopwatches (6 for 4 lanes; 9 for 6 lanes; 12 for 8 lanes)
- Exchange Judges (4 during relays)
- Stroke Judges (1 for each side of the pool)
- Ribbons and Scoring Officials
- A False-Start Technician

- Ready bench personnel
- Runners
- Adequate free drinks for all properly identified workers

For Dual Meets, the visiting team shall provide:

- The designated Visiting Meet Director
- An Official Coach
- A Head Timer with 2 stopwatches
- Lane Timers with stopwatches (6 for 4 lanes; 9 for 6 lanes; 12 for 8 lanes)
- Exchange Judges (4 during relays)
- Stroke Judges (1 for each side of the pool)
- Ribbons and Scoring Officials
- Ready bench workers

8.8 Starting Blocks

If STARTING BLOCKS are provided, they should be used in such a manner that they offer no advantage or disadvantage to any swimmer or relay team. At the option of the Home Meet Director, STARTING BLOCKS may be moved out of position for events which have finishes and or turns at the same end of the pool as the blocks. All lanes must be handled in the same way. If the STARTING BLOCKS remain in place during the competition, they shall be considered as part of the wall for turns and finishes.

8.9 Equipment Requirements

The home team shall also provide lane ropes, a false-start rope, and backstroke flags (which are to be placed approximately 6 feet above the water across all lanes and 5 yards from each end of the pool). Backstroke flag lines shall be set tightly enough to minimize sag and wind movement.

8.10 Spectators

Provisions shall be made by the home team to keep spectators a reasonable distance from the pool so that Meet Officials can perform their duties. (It is recommended that each team utilize several team parents to help control swimmers and spectators in this regard).

8.11 Intrusive Swimmer

From the time a heat is called to the starting blocks until that heat has finished swimming, the "pool" will belong to that heat only. Any other individual who enters the "pool" during this time will be considered an INTRUSIVE SWIMMER. If the INTRUSIVE SWIMMER interferes in his/her team's lane, the swimmer heated for that lane shall be disqualified. If the intrusive swimmer interferes in another team's lane, the intrusive team's fastest swimmer for that heat shall be disqualified.

This rule will not apply if water entry is to save a swimmer in obvious danger.

8.12 Scoring and Awards

All swimmers entered in an event shall compete for team points and awards. Order of finish in Dual Meets shall be on the basis of official times of all swimmers in all heats, except those swimmers who have been disqualified. Where the times of three official stop watches have been recorded for a swimmer, the middle time shall be the official time unless one time is off by more than one second from the middle time, in which case it shall not be considered. Where only two official times are recorded in that lane, the Scorer shall average the times to obtain the official time. Where only one official time is recorded, that time shall be the official time. The official event results shall be posted as soon as possible at a place accessible to both teams. The points shall be awarded and the meet scored as part of the criteria for future Divisional seedings.

The score shall be announced following each event grouping only if both Meet Directors agree to the score being announced prior to the start of the competition. If the Meet Directors agree the score shall not be announced, the Home Meet Director shall inform the Announcer and the Scoring Table. In such cases, the points for each event shall be

recorded, but the final score shall not totaled until the last event has been completed. In regular season dual meets, points and ribbons shall be awarded on the following basis -

8.12.1 Individual Events

Awards of a type approved by the Executive Board shall be provided for each of the following places, and points shall be awarded as indicated:

- 1st - 4 points
- 2nd - 2 points
- 3rd - 1 point
- 4th -
- 5th -
- 6th -
- 7th -
- 8th -
- 9th -
- 10th -

8.12.2 Relay Events

Awards of a type approved by the Executive Board shall be provided for each of the following places, and points shall be awarded as indicated:

- 1st - 5 points and Ribbons shall be awarded
